

# Fortis Air - PI 300

## Specification Sheet

The Fortis Air PI 300 is a premium ergonomic office chair designed for superior breathability and comfort.

Featuring a mesh backrest for enhanced airflow, 4D adjustable armrests, and a customizable lumbar support system, it ensures optimal posture and all-day support. Its aluminum base provides durability, while the stepless backrest height adjustment allows for precise customization.

Certified to EN 1335 standards, the Fortis Air PI 300 is an excellent choice for those seeking a high-performance office chair with advanced ergonomic features.

### Specifications

- **Seat Height:** Adjustable
- **Armrest Adjustments:** 4D (height, width, depth, angle)
